Effortlessly reprogram subconscious separation patterns into divine union supporting beliefs

UNION BLOCK

Detox

Every twin flame journey is different as we are all unique.

But the blocks/ fears we as divine feminine experience and are being triggered with by our divine masculines throughout our twin flame journey are often times the same or at the very least very similar (e.g. the fear of rejection or abandonment).

I used the most common separation-enforcing blocks/ core wounds we as divine feminines carry with us and turned them into positive, union-supporting affirmations. These exact 'affirmations', I recorded for you as subliminals.

WHAT ARE SUBLIMINALS?

The subliminal 'affirmations' are placed behind music so that you cannot hear them consciously but your subconscious mind hears them and takes them in as 'truth' (as your fears/ ego don't have the opportunity to make you believe that what you want won't happen).

In order to make it even easier for you to integrate listening to these powerful subliminals, I recorded them for you in two different lengths:

- Long version: 64 minutes 47 seconds
- Short version: 7 minutes 25 seconds

VERY EASY TO INTEGRATE INTO YOUR CURRENT LIFE

The only thing you need to do is to listen to the relaxing music ('behind' which I placed the subliminals) and watch your connection with your twin flame change for the better. You don't even have to have spare time for listening to them.

If it's safe to, you can listen to the track while doing chores, taking a walk, working or sleeping.

If you can manage, I would recommend you listen to the music just before you go to bed (so that the music frequency helps you to relax before sleeping and bring the subliminals into your sleep state).

You can also put the long version of the music on repeat during the night if you like. Your subconscious also takes the subliminal 'affirmations' in while you sleep.
